VEHICLE ACCIDENT WITH INJURY

On April 6, 2020 at approximately 1048 hrs, Black Hawk County Sheriff's Deputies responded to Highway 63 and Dunkerton Road for an accident that occurred between a passenger vehicle and a semi. The driver of the semi, Scott Torkelson (41) of Thornton, Iowa was travelling southbound on Highway 63 when the driver of the passenger car, Sharon Kaufman (51) of Waterloo went west across Highway 63 from Dunkerton Road. The vehicle failed to yield to the semi from the stop sign and struck the side of the semi. After an investigation, it was determined that the driver of the passenger vehicle was at fault and did not see the semi due to a plastic bag over her passenger side window. The driver of the passenger car was injured and transported to Unity Point Hospital by the Denver Ambulance with non-life threatening injuries. Her condition is not being released at this time. Kaufman was cited for failure to yeild from a stop sign.
